

Dear ESG church family:

ESG is a pathway to growth, invested in caring for our own and the wider community. We look forward to creating community with you this year.

We maintain and build new connections with our online worship and social media presence. Many people enjoy live-streamed services and posts from near and far. However, we know the value and strength of a church community gathered. We encourage you to join us in person as often as possible for worship, concerts, and our many amazing programs and events. Discover your individual path to growth with the ESG community.

Being here in person helps us engage, encourage and do life together in very meaningful ways. It makes a difference when you are here!

This Program Guide describes many opportunities to connect with others at worship, programs and special events at ESG. Please add them to your calendars and share this resource with people that might be interested, and invite them to join you!

Blessings from the ESG Staff & Leadership!

We plan special events for children and families throughout the year, including a very special Christmas pageant and Easter Sunday.

Youth Program

The Youth will attend Church at 10:30 and leave around 10:45 for their program. Led by Rowena Hetherington-Wilson, this program allows Youth to explore life and faith through activities, outreach and volunteer opportunities, as well as participating in ESG's food and justice ministry. In addition, we have special evening just for fun and friendship events.

FOOD MINISTRY

Interconnected programs, ministries and events that focus on personal, community and creative growth while being deeply linked to the theme of food & food justice.

Community kitchen: ESG's Community Kitchen includes activities that explores the importance of food security through sharing in the process of cooking food with others and sharing that food in community. One expression of the Community Kitchen is the Food Justice Cooking series, where participants make a meal together and explore a specific Food Justice topic as they eat together. Hope to see you there!

Cultural Kitchen Parties: Cultural Kitchen Parties are a great chance to make a meal online with a host's guidance. Each host guides participants through a recipe and shares why this food is important to them, their family and culture. Cultural Kitchen Parties happen a few times throughout the year. Stay tuned for the date for our next one!

Flourish House Weekly Meal: Gather at Flourish House Wednesday evenings for a time of community, connection and dinner prepared by the Flourish House residents.

All are welcome and, if you are able, please email jamielvigibson@gmail.com to let them know you are coming.
